

Product Modification Notice

#23-CORP-03

Date: June 9, 2023
To: Teledyne Lumenera Customers, Teledyne Lumenera Partners
From: Teledyne Lumenera, Product Management
Re: **Hirose MXR Connector End of Life**

In October 2022, Hirose Electric Co. announced the discontinuation of their MXR connectors. The receptacles are used by some Teledyne Lumenera cameras and provide the GPIO and auxiliary power interface. There are no compatible replacement parts.

Table 1 – Affected Camera Models

Camera Model (includes all variants)		
LT225 LT345R LT365R LT425 LT545R LT665R LT945R LT1245R LT1265R	LT-2050 LT-2450* LT-4040 LT-4060 *TD variant not affected	INFINITY3-3UR INFINITY3-6UR INFINITY3S-1UR INFINITY5-3 INFINITY5-5
Accessories		
La2000PAFL La2000PIOK		

Teledyne Lumenera is managing this situation by purchasing enough receptacles to last the anticipated lifespan of the products.

We recommend that customers who use the Hirose MXR plug MXR-8P-8P(31) or MXR-8P-8P(72) do the same.

Table 2 – Schedule

Date of Final Orders from Hirose	November 30, 2024
Date of Final Shipment from Hirose	November 30, 2025

Teledyne Lumenera will continue to monitor the delivery and availability of the MXR connectors and will review the situation again in January, 2024.
